Jean-Pierre was my initial contact and the person I dealt with face-to-face. He speaks pretty good English. He's either the owner or the Manager. I think Emilie did most of the leg work and I emailed back and forth with her for some details. I usually sent my inquiries to both of them. Jean-Pierre made the deliveries personally, though, dropping them off at the marina gate using his own car. I usually paid him in cash at the time of delivery, but also paid cash into an account at their bank directly across the street from the marina when some minor adjustments were necessary. I did three imports with Bollore. The first was just an iPad that had gotten tangled up in red tape in the mail. Jean-Pierre did this for free, I think because I'd been personally referred to him by a mutual friend and because we'd already started discussing my bigger shipment. The second was house batteries, etc, amounting to about \$4500. The third was a new-used helm pedestal valued at about \$500. I'd say Bollore's fees on these worked out to about 5%. There were no hassles on any of these, only time and patience required, none due to delays that I would attribute to Bollore. Actual shipping into Tahiti was out of Los Angeles through Vanguard at: LALA FARAIMO JR. South Pacific Islands Supervisor Direct: (310) 604-2699 Fax: (310) 847-8008 Vanguard Logistics Services (USA), inc. 2665 E Del Amo Blvd Rancho Dominguez CA 90221 LinkedIn | vanguardlogistics.com As I understand it Vanguard also used to act as an import agent here but, due to some bad actors among us cruisers, won't do that anymore and I only used their shipping service. Although the requirements for paperwork were a hassle, I had no trouble with Vanguard themselves at all. Roy (SV Mabruka) 9-2018

We used Gondrand for both importing a battery charger and also importing the boat. Battery charger was in customs less than 4 hours before I had it in hand! The company is used by the majority of boats that want to import their vessel into French Polynesia. We can highly recommend them. (Jacaranda) They are located very close to McDonalds in city center. I have only dealt with them via email and phone - Yes importation was all handled via email and phone. (Jacaranda)

10-2022 SV Auntie AVOID!! Complete fail on Gondrand, largely because of their US partners, I.L.S. Bottom paint I use not available here any longer so bought 8 gallons in Miami and had Gondrand handle all shipping. In the US, I.L.S. lost 4 gallons, and damaged the remaining 4 gallons beyond

use. They did not communicate this, had I not repeatedly asked for updates I would still not know. Gondrand's insurance would not cover because it never reached the dock. AVOID!!

Excellent reports from numerous yachts that have used Laurent. Speaks English

10-2019 SV Amilie We first used PYS when Oyster retained him as yacht agent for the 2013/4 Oyster World Rally We contacted him, again, when in Mexico before departing for Nuka Hiva last Spring 2018 PYS use Kevin (NHYS) in Nuka Hiva and our Fuel Duty Free Certificate were available on arrival, together with Kevin sorting out the paperwork for our entry in FP Marina Taina seems to be pretty well booked up whatever time of year & we've met many cruisers who've been denied berths and moorings because fully booked. PYS have arranged our bookings and we've always been allocated a berth. We were recommended Matt Rigging Services when in Marina Taina, again he seemed constantly booked up, when we contacted PYS we were on the schedule and it was worth the 10% fee charged for going through Laurent. We've had occasion to import spares, new sails & a new generator over the past 18 months, each time PYS have sorted clearance at Customs and delivery to Marina Taina within 24 hours of goods arriving in Papeete Airport. As an avid cigar smoker I found myself ordering cigars through PYS to fly them to Rangiroa. They were bought at wholesale, not retail, and even including the 10% buyers fee and freight to Rangiroa they were 30% cheaper than the shop in Papeete. If you want to enjoy cruising these beautiful islands & minimise the time waiting for spares & services we highly recommend using PYS."

1-22 SV Sea Bear Today we returned to Marina Papeete from Fakarava, and on arrival at the dock, I looked in your guide for someone to take a look at our air conditioners which haven't worked for the past 18 months. I goggled on line and found R.E.G. climatisation. I can't remember the man's name but he was downtown and came to our boat within 20 minutes. He was a lovely local man who spoke only a little bit of english, but with google translate, we managed well to explain the issues. He had both aircons up and running within 2 hours, and his price was very reasonable. He was very professional and took his time to properly evaluate the units. Even went the extra mile to

discuss possible future issues and what we could do about them should they arise. As well, he returned with a cannister of refrigerant for us to use at a future date if needed. He said he was happy to also consult online if we had any further issues. All in all a great experience and highly recommended!

Office in Papeete is near the Market. They have service to almost every island throughout FP. Prices are modest. If over sixty there is a discount card worth exploring. Flights are often booked up to a month ahead but changing or cancelling flights is a maximum of 1,000xpf so checking for cancellations is often fruitful. Luggage allowances are 7kg but a scuba c-card gets you a free extra 5kg and connections to international flight increases your allowance. The per kg extra baggage rates are very modest but your luggage may be sent along later.

What we do is 1. Check the Air Tahiti flight for space. 2. Book our international ticket 3. Bring a copy of our international flight to Air Tahiti so they can mark your ticket as an international flight. You are then allowed 20kgs (2016 Jacaranda)

They only accept cash, but there is a Banco Socredo right next to their building. Location is Zone Industrielle del la Punaruu. Even though the containers look exactly alike (blue 10L drums) and they both have stickers, the rum inside and the cost is different when comparing Ariki Noa Noa to Tamure Rhum. The Ariki Noa Noa rum is smoother and does not have the typical bite that "Rhum" offers and you will save about \$15-\$20 per drum if you purchase at Ariki Noa Noa. Of course, it is not as convenient as Tamure Rhum which is located near Carrefour, but it is worth the drive for better tasting and cheaper rum 6-21 SV Sugar Shack recommendation

Punaauia Winds, Motors and Altenators. Installations

5-2024 SV Indioko., I would simply say that he was able to work magic on our old rusty onan Cummins generator. We removed the genset at marina Taina and dropped it directly onto his truck. He took it away, was able to rewind the stator, built a new metal base and stands to replace the rusted out one and even helped me work out a way to gain both 110 and 240v power out of the single genset. After a quick paint job (mainly to hold the rust in a roughly generator looking shape) he was keen to show us it working before dropping it off back in the marina for us to reinstall. Brilliantly kind and helpful guy and first on my list for generator repair.

11-2020 SV Moira I have recently had to replace my generator with a used unit that needed to be reconditioned, tested, installed and troubleshot aboard. Laurent and Kevin at Chan et Fils SARL in Puna'auia have done an outstanding job and I would like to recommend them to be added to your guide. A project like that is never easy and they have gone out of their way to see it through.

Rebuild motors including starters and alternators. In Fare Ute on side street next to Total. Just before the Mobil station on the port side of the street. Does not speak English but using Google translate worked well 3-2022 Recently reported that Laurent from Chan et Fils SARL also owns this shop.

12-2020 SV Hedonism The location is as advertised in the TCG but you could possibly walk right by it. Suffice to say, do not look for a "storefront". It is a two man working shop. You enter through the garage door directly into the working shop. He does not speak English but very quickly pulls out his phone with Google Translate at the ready. I brought in my Hitachi Alternator that Deiselec had first said a couple of months previous, "no parts" and then said cannot fix with out even looking at it. (tried to sell me a new one). Enipac said it would be next week before he could look at it. The next day I decided to email him asking him if there was any chance of getting it sooner as we were hoping to depart. That evening he emailed me 5 photos of my alternator including the problem (burnt diode) and the winding. There was also a photo of my alternator on the test bench. He advised that it would be ready the next day. He replaced the diode, repaired the windings and "baked it". Total cost was 15000xpf which I thought was reasonable. My suggestion if you are going to visit, type out a note of what you want done including what you are bringing in (12 volt alternator, 80 amp) and what you would like done (trouble shoot, repair etc) and run Google Translate before you print it. It will make things easier. I would not hesitate to return.

There is an Apple reseller called IVEA in the Vaima shopping center, facing the city center marina. I think it also fixes computers but won't send them out for a warranty repair/exchange because of duty taxes that you would incur when your (exchanged) item is sent back to French Polynesia.

The big bookshop Odyssey, behind the church (the old one), has some English books. Also nice childrens' books without words and a big paint/drawing/arts&crafts section. The art materials are at the far end of the shop, past the books. For more information, see [Books, English](#)

9-2022 SV Creampuff Adrien speaks decent English. He helped us out when I needed a notary stamp for paperwork. While I was there he helped out two other boaters for various stamped paperwork. The fees are very reasonable. Easy 15 minute walk to his office from Papeete Marina.

SV Daybreak fairly good english but no specific maritime experience, but he saved my ass with local customs, and later with gendarmerie maritime for boat issue, very friendly, intelligent efficient and reasonable rate... a man to know....!!!! and he will orient you to the best, if he, is not the one for your task..

40542400 Seems like the best stocked auto parts store around. Found oil and temp sender units. Also carry 20/50 oil for older diesels. Not sure about english. Just off Prince Hanio on Ave du Regent Paraita. Go past the Shell station and turn right at Pharmacy then is a few doors down.
