4-2023 Price is still 4960xpf delivery 1469xpf and tax +16% 5 kg is will fill about 9 bottles.

2-2022 About dry ice and filling soda stream bottles in Tahiti... My husband went this morning (you should arrange the date and time with Gaspac). He is back and this is what he got and how he is doing it: he got pellets shape dry ice and now he is filling 400gr per bottle. Of course, he removed the top of the bottles. More info: 5kg is min to buy. With 5kg with filled 8 bottles and we have some leftovers.

The price for 5kg = $49.60

2-20 Additional info I am planning to buy carbon dioxide CO2 dry ice to fill Sodastream bottles in Tahiti. Any top fitting can be filled including our US style tops. We have 2 bottles and the minimum purchase will fill about 8 bottles. I think last time the total cost was about 5000 francs. So about 6 USD per 330g bottle.

Dry ice available in Papeete. See entry for GazPac under same heading

Lots of You Tube videos on how to refill your bottle. Very Easy

If you put in the weight stated on the label. Sometimes 450g, 425g or 410g. All these different weights claim to make 60 litres of drink! Presumably more or less fizzy.

You need to weigh the bottle then zero the scales to make sure you don't overfill

Comments from DV Dash filling in NZ I thought we ordered “pellets” both times. The first time we got lovely “tubes” of dry ice we could easily pick up with tongs and drop in, about the size of glue sticks. This past time we got a box full of what looked more like frozen rice! (Different distributor) it was a bit more cumbersome to funnel into canister, but it worked. A kitchen or postal scale helps. You can put empty canister on it and zero scale and add dry ice to the proper amount. Kind of fun like a high school science lab day!

Andrew Nelson reports Gazpac is the answer. You need to unscrew the top and fill with the correct weight of dry ice(from Gazpac) . Very easy and cheap. Minimum purchase fills about 6 bottles app 5000xp

Ocean Sails Tahiti

Island: **Tahiti**

Michel 689-8771-1686 (oceansailstahiti@gmail.com) 9-2019 SV Sugar Shack We had Oceans Sails (Michel Pegart Maitre Voilier) do repair work on our sail bag and he did not do a good job. After visiting his sail loft and speaking to him about types of threads used and process, we felt confident he'd do good work. We asked him to quote the repairs on our sail bag (strengthen and reinforce) and small spinnaker (we blew out clew). The sail bag was the priority as we had a backup spinnaker.With the sail bag we asked him to patch the small holes, reinforce all stitching, reinforce the batten sleeves, and re-attach our name flap which came off. He said it would be "no problem, easy job, and could be done in a few weeks at very little money." Several weeks later, my husband went to pick it up and paid $600 (more than a little money to us, but our bad for not getting an exact quote first). When my husband went to install the sail bag, he noticed several areas had the new stitching already coming out (Michel failed to lock stitch the beginning and ends). In addition, in several places the stitching was crooked when it should have been straight. Unfortunately, we had guests coming and needed the sail bag up. So, my husband finished with the install before we had to leave. In addition, with the spinnaker he said it would cost well over $1,000 to repair or he would have to cut it down and charge a little less. This is an 18-year-old spinnaker so it was not worth the cost to repair. We took it back. We were very disappointed in the work from Ocean Sails. We had higher expectations since he had several good reviews, the loft was professional and he "said all the right things." Very poor craftsmanship and work. Airborne 9-2018 We had him take our sails down and fix up any tears or chafing on them (14,500 nm), and he fixed our SS bracket that lifts our main sail (rounded and polished it to stop the cutting action it had at the head of the main when it was down), he rounded the ends of our battens so that they now slip into the pockets with little effort. He fixed the lazy jack sail bag that had gotten frayed on a passage when the second reef line became tangled around the end. He did a great job of repairing it and making sure that it did not look like a repair at all. It was a brand new North Sail cradle (they don't like it when you refer to it as a bag), so we wanted to make sure it did not look like it had been repaired, and Michel made it look better than new He also is building an enclosure for the fly bridge stair wells on our L450 to stop rain from soaking the rear cockpit. He speaks English and French and is very personable. He charges about what everyone else in Tahiti charges (about $60/hr). He is very busy in high season, but seems to have more time in low season.

2. They will pick you up and take you to the airport office - This may take hours like it did for us. Plus we had to return it to them again another hour. If you happen to be in Cooks Bay Moorea and are in DESPERATE need for a baby sitter, Orchilea Maeva Faaruia-Smith is an amazing woman and she is based in Maharepa. I haven't transitioned
very gracefully into juggling parenthood / cruising/boat maintenance / working quite as well as some of
my peers. How others do it so well is a feat and I have nothing but respect for those peeps. But if you're
ever in need of a sitter to watch your little loves as if they were family while you get stuff done onboard,
Maeva is gracious, kind, she sends pics throughout the day of the kids, and she works with your budget.
I truly believe she just....loves children, and that was exactly what we needed in a pinch for our 2 year
old and 2 month old.

SV Hedonism Serge and Lionel both speak good English and are very accommodating. This place was recommended to me by another computer repair shop! I called them from the first shop and they stuck around over lunch to wait for me to arrive. This is not a computer sales store. These guys are in the repair business and are out on repair calls to various businesses each day so it is imperative to call first to be sure they are in the shop. They work on Dell, Toshiba, Lenovo and so on... My Dell computer fried the motherboard. They trouble shot it and then gave me the "bad news". Theypointed out it would take a couple of weeks to get it in from the US. I decided to buy a new computer back home and have it shipped along with a motherboard. They did NOT charge me anything for the trouble shooting. Just happy when I said I would bring it in when it arrived for them to install. When they did, the charge was about 10600 XPF.

- As at January 1, you don’t need a doctor’s prescription to get a Covid-19 test any more
- if you have symptoms and want a test, go to the Institut Louis Malarde in Paofai, Papeete. This is located at the junction of rue des Poilus tahitiens and rue du 5 mars 1797 - two blocks behind the Paofai Temple (pink church) near Champion goo.gl/maps/P4MMKNS9iUJgZ3wTA.This is open M-F 0730-1500, S-S 0730-1200. Tel +68940416 416/472. Email cov-check@ilm.pf
- follow the signs outside the building for the Covid testing site. Once you find the testing location (clearly marked, on the side street), you go the the first ’station’ where you need to show your ID, and give your phone number (international number accepted). You then go to the next station where you will get tested. They will take two samples. The first is for the rapid test, where results take 15 minutes. Sit in the waiting area until your name is called with the results of the rapid test.
- If the result is positive, you will usually be told to go home and self-isolate.

- If the result is negative, they will send the second of the two samples for testing, which takes up to 2 days.
- you will be given a form with a link to access the test results, including your personal ID and password, and told to isolate until results are in.
- Test results are usually available online within 48 hours but many have been available sooner. You will receive a text once your results are available. 1-21 Part 2 submitted by SV Kini "I felt unwell a few days before Christmas, on a Saturday. I phoned the 15 (SAMU= emergencies), told about my symptoms, the doctor on duty said they might be Covid, instructed me to take paracetamol, and get tested on the Monday. There is a "Kiosque Santé" in front of Paofai Temple. There was zero queue, I was attended by 3 friendly nurses all for myself. Nothing to pay. They did the antigenic test first, which gives a result in 20', or proves nothing, which was the case. Then PCR. Result 2 days later by sms (I was negative). All quick, free, easy and friendly."
