Steve just discovered a closet in the mega yacht agent office at Taina and they sell all Epifanes products. Its right by Raiatea yacht Ace Hardware They are now carrying a French brand in a square can. We used this a number of times. Went on really nicely, slow drying so it spread easly thinned with mineral spirits . BUT any place we varnished that had high traffic hands touching it or arms resting on it was terrible. It became all gummy and took a big effort to remove it with a razor blade as we could not sand it off. With that said we will not use it again. Jacaranda

SV Jacaranda We can highly recommend Corine for a personal tour of Tahiti. She will pick you up and take you all around the island. Her knowledge of all things Polynesian is amazing. She has a PHD in Polynesian Languages & Civilization. She is fluent in English

06-20 SV Cream Puff Excellent personalized tour covering the entire island of Tahiti. Corinne is very knowledgeable and loves to share her vast knowledge in a very personable tour. The tour is maximum of 4 people because that is how many fit into her car. Corrine is an absolutely lovely lady born in Tahiti. She has good humor and speaks excellent English. Corinne will tailor the trip to your needs. Some of the highlights: waterfalls, a cave, gardens, ancient temple, Polynesian stories, different plants and their medicinal uses, beaches and more. The tour is relaxing and not rushed. Our tour started at 8:00am and ended around 5:30pm (we were back around 6:00pm). Corinne included a bottle of water for each of us. Lunch was at a local restaurant and was fabulous and reasonably priced (not included in fee). Part of the fun was that Corinne added a few personal stops along the way; a veggie stand that she likes, a chocolate shop and a local artisan trinket store near the restaurant. If you book directly through Corinne the fee is a bit lower than booking through other sources. We highly recommend this tour.
