## L'Horloger

a few blocks from market

Island: **Tahiti**

L'Horloger Laurent Crepin ☎ [+68940425965](tel:+68940425965)

Rue pietonne, Quarter du Commerce A few blocks from the market on a small side street. He fixed both of our watches. One needed a new stem and the other a battery. Both for 2000f (battery & repair)

## Patrick Guitard

Island: **Tahiti**

☞ GPS decimal degrees: Lat -17.540257, Lon -149.568124 [GoogleMaps](#) [OpenStreetMap](#)

Patrick Guitard (Joaillier Fabricant). Avenue du Général de Gaulle ☞ [patrickguitard@yahoo.fr](mailto:patrickguitard@yahoo.fr)

☞ [+68940427280](tel:+68940427280)

Located on the top floor of the Plaza Moai. This is on the corner at the junction of Rue Jeanne d'Arc and Place Notre Dame (the Cathedral Plaza). Go up the steps, to the second floor. And the shop is tucked away in the corner. A helpful locator is the Air NewZealand office. Google maps will assist too. (Patrick changed my watch battery for very reasonable cost)

# Water

## Bloody Mary's wharf

Island: **Bora Bora**

Fresh water is available from the wharf opposite Bloody Marys restaurant. Ask the bar tender for the key

## Bora Bora Ferry Wharf

Island: **Bora Bora**

The normal procedure is to buy a card from the mooring lads, it gives access to a water supply at the village dock. You get the deposit back when returning the card. Don't do it at the weekend.

## Fakarava City Council

Island: **Fakarava**

Fresh water available from cistern near wharf. Pay the fee in the city council office. Same place as you pay your anchoring and garbage fee

## Huahine Fresh Water

Island: **Huahine**

Available from main wharf. Ask at the Dive shop, pay fee and obtain key

## Marina Apooti

Island: **Raiatea****Fresh water** available from faucets If you are not staying in the marina be sure to ask permission from the office

## Marina Papeete

Island: **Tahiti**

Potable water from Faucets. Water card purchased in office

## Marina Taina

Island: **Tahiti**

📍 GPS decimal degrees: Lat -17.585525, Lon -149.61611 [GoogleMaps](#) [OpenStreetMap](#)

Potable water from faucets in the marina For more information, see Marinas & Anchorages

## Port Phateon

Island: **Tahiti**

Fresh Water Tap 17'44.44S - 129'20.45W (also added in navionics)

5-2022 SV SY COLON Look for the three big Polynesian canoes. Black hose where your own key or wrench needed to open. Drinking water and nice. Spring water. Possible to anchor the boat on 20-30m off the reef and take the dinghy in last couple of 100m to fill up Jerry cans. Or take the dinghy all the way from Phateon's anchorage/moorings I asked about in the marina here in Phateon and some local Lady from the sail school said i should use that one. So I did :

# Water Pump

## Adrian Pataki

Island: **Tahiti**

Adrian Pataki [✉ svattila@gmail.com](mailto:svattila@gmail.com)

[☎ +68987286083](tel:+68987286083)

You may want to start with Adrian to begin with. He does Diesels diagnostics, repair, maintenance. But also just about everything else. He helped Steve with the autopilot yesterday and it's fixed. Found lots of gunk in the fluid. And he also does xantrex inverter/chargers and water makers. He's a good place to start!

2-2020 SV Avatar We would like to give a reference for Adrian Pataki. We have been in FP for 4 1/2 years. We have used Adrian in several capacities over this time. We have had him watch our sailboat, Avatar, when away on a trip to the US. also several mechanical projects, repairs and a gen-set replacement as he is the Beta Dealer for FP. Adrian has always been on time, does what he says he will do. And one of the few Marine Mechanics that I have been in contact with that does not overbook himself. I was in the Auto repair business for over 15 years and have known good technicians and Adrian in my opinion is good, honest, fair and knowledgeable. Shelly and I whole heartedly recommend him.

## Sopom

Papeete

12-2022 SV Reva Reva Had trouble with our watermaker in Tuamotos, and we contacted Alex. He was very helpfull, and knew what he was talking about. He helped us solve the problem over Whatsapp. For remote guidance on electronics, this is the guy to call

## Sail The Way – Rudy

Island: **Tahiti**

Sail The Way – Rudy Cell ☎ [+68987300864](tel:+68987300864)

☎ [rudy@sailtheway.com](mailto:rudy@sailtheway.com)

languages: English, Dutch, German Location: Papeete

9-2022 SV ZIEZO I have needed help on my water maker for years with persistent issues since it's installation by Fountaine Pajot and even after professional dealers assessing and "fixing it". Rudy, helped me solve that problem as well as educating me on the issues. We also had issues on our battery charging system. He took the time to slowly and thoroughly diagnose the problem, then resolve it, and then educated us in a manner that was easy to understand and not at all condescending. His calm reassuring manner made us feel at ease and encouraged us to ask questions so that we could fully understand the issues so that we could prevent further problems

and maintain our system properly. I would highly recommend him for all boat issues, from electrical to mechanical and everything in between. For more information, see Electronics (Marine)

# Sopom

Island: **Tahiti**

📍 GPS decimal degrees: Lat -17.531181, Lon -149.571491 [GoogleMaps](#) [OpenStreetMap](#)

📞 [+68940439119](#)

🌐 [sopom-moteurs-marins-et-equipement-industriel.business.site/?fbclid=IwAR3HQFCI-](#)

rnPEWN7U6IAncI524Axhe9OFqbElGEk-7vyZIYVrbLpqilGxd8 on Fare Ute Sopom/Soflex have moved from their former location next to the bridge to the building between Ace and Nautisport. Spom - Carries some water maker pre-filters and EU watermakers Sopom also sells waterpumps (e.g. for watermakers) and have knowledge about watermakers. They do also have a repair shop.

12-2020 It was reported to carry storage solution just to give you guys an update SOPOM did have an antifreeze gel that they sell for their Aqua-base watermakers

9-2019 Coral Trekker They are the agents for aqua base water maker from SCLE. They also represent Cummins-Onan generators and stock a big variety of Fleetguard filters. Awesome guy's excellent service and very professional people.

9-2019 SV Panache Sopom is a sister company to STH Marine. My water maker had a slow leak at the one of the ferrules and was only operating at 2/3 capacity. The Sopom "specialist" came to work on our watermaker and told me that he couldn't fix the leak and that we would need to order a number of new SS parts. He also said that we had to chemically clean our membranes to improve production. I was able to fix the leak myself with fine wet/dry sandpaper and rubbing compound. I did 2 types of chemical cleaning with chemicals I purchased from them. No change. The problem was with the high-pressure pump, which I rebuilt and reinstalled. The system is now 100%. They were of no help whatsoever

☎ [giraultph@yahoo.fr](mailto:giraultph@yahoo.fr)

Located near Marina Taina

12-2017 Irene We had a crack in the combined bimini support and wind generator mast, which needed welding by TIG in situ. When we were moored at Marina Taina last December I asked advise from the Taina's director Philippe Olite on a suitable welder and a place where the welding could be done. He recommended Father Son team Philippe and Damien Girault and the work dock of Marina Taina. Philippe Olite was kind enough to call the Girault brothers as I was afraid that I will have communication difficulties. We had to wait a few days because of very wet weather, and then took Irene to the work dock. Philippe Girault came as agreed with a van where he had the argon gas tank with a long enough hose to reach the work dock from the parking lot. Electricity was readily available from the work dock. The crack in the wind generator mast was quickly welded and Philippe repaired also our swimming ladders. He did not speak any English, but we had no communication problems. We were very satisfied with the quality of the work and price.

7-2018 Kyory Franz also reported excellent results from some SS welding and polishing he had from Girault. We called them and they came down to Taina marina to pick up the items to be welded. They were returned all welded & polished.

8-2018 Avatar Communication was no problem as Phillips had a translator on his phone. On time did a great job in two hours covering multiple cracks at joints in the arch for solar and davits. Would absolutely recommend them and use them again. Painless job at the work dock at the Marina. Marina charged \$2000 francs for the dock which was fair App: Girault charged 7500F per hour

# Inov inox

Island: **Tahiti**

☐ GPS decimal degrees: Lat -17.554922, Lon -149.571348 [GoogleMaps](#) [OpenStreetMap](#)

Inov inox ☐ [+68987788399](#) They have a very high end plasma cutter which can make chain plates or tangs. They recently made a set of titanium tangs for a customer who provided the plate material. They are in the Tipaerui Valley.

10-2020 SV Clair de Lune I used this service to manufacture new 316L stainless chain plates. They are a high end decorative metal fab shop and they use a water jet cutting table which can pattern. So they just chucked up my old chain plates, turned on the cutter and manufactured new plates with thicker stainless. The jet cutting was so good, I didn't even have to touch any of the eleven plates with a file. They just dropped right in. Everything happened as they said it would. I was very satisfied.

11-2019 SV Maluhia Here's the info on Inov Inox. Brought SS bar stock from the US. Went to Inov Inox in the Tipaerui Valley on Monday. Showed them the original chain plates which had a slight bend at the top and had two welded washers, one on each side to increase bearing surface for the rigging pin. They said it was no problem to make, would be done by the end of the week. On Thursday I called and left a message. Friday I called again and left another message. On the following Monday I went to the shop and was told that it would be ready maybe Wednesday. On Wednesday I called and was told maybe Thursday. On Thursday I went to the shop, and they said it would be done that afternoon and that they would deliver them to the fishing harbor near the airport as I was anchored near there. I said that would be great and to call me and I would meet them at the harbor. At 3:00 pm I called and left a message. No return call was ever made. The next morning I went to the shop. Yes, here were the chain plates. When I asked why they didn't come or call they said they were busy and couldn't make it. Unfortunately the mounting holes did not line up with the originals. The material I brought was now wasted. They apologized and said that they would make new ones and have them ready that afternoon. They had the correct material and said they would deliver them. Not trusting this I said no, I would come back to pick them up. I came back in the afternoon. The plates were done. The mounting holes were aligned. Unfortunately the hole for the rigging pin was oblong and too big. They apologized and said it was difficult to find good ☐ workers. I was finished with Inov Inox and left with the plates but they did not charge me. For more information, see Stainless Steel – Fabrication and Welding

# Metali'nox

Island: **Tahiti**

📍 GPS decimal degrees: Lat -17.552167, Lon -149.544409 [GoogleMaps](#) [OpenStreetMap](#)

📞 [+68987770277](#) Specialize in Stainless steel railings and balastrades but can also fabricate bimini and dodger frames. Owner is Stephane Wong speaks good english. They have MIG and TIG and a pipe bender. They are aprox 1.5 km up the road which goes north from the Pirea Maria. Be sure to call before you go. It is accessible via the small Hamuta or Arue bus. Get off at the Pirea Marie then walk to Intermat. It is the building behind Intermat.

11-2020 SV Moggy We had Metalinox manufacture a 1.5 metre long swim ladder from 42.4mm x 2mm wall, 316 stainless steel tube. We supplied drawings and had phone conversations with Dan about the manufacture and in particular the bends required. Overall we are happy with the result and we recommend Metalinox. Potential customers should have realistic expectations. Efficiency 5 out of 5 He got back to us in a very timely manner and answered all emails and phone calls promptly. Speed of Manufacture 5 out of 5 It was to be finished with a time frame for delivery to us in the Tuomotus and he met that schedule easily. Materials Used 5 out of 5 Exactly as requested Welds 3 out of 5 The welds are strong but are rough. Many are undercut so Dave cannot polish them out. We understand that other people have asked for them to be tidied up and he has done this willingly. Unfortunately we did not collect the ladder ourselves and did not have this opportunity. Bends 2 out of 5 These are a disappointing result. This could be due to communication error, but they are not in accordance with the drawings or our understanding of subsequent conversations. Overall finish 3 out of 5 We knew when we ordered that he would not polish the ladder. To polish to mirror finish, a weld needs to be proud rather than undercut. As a result we cannot achieve a result that is commensurate with other stainless finishes on the boat. Value for money 3 out of 5 It was a very expensive job for a strong, functional finish. If you want something pretty, this is not the guy. We did ask him to quote for hinge fittings and the quote was around US\$90. We decided to import hinges from the USA for \$14 We understand that he is probably the best welder of this type in Tahiti. He is also very easy to deal with.

11-2020 SV SV Mat-Lau III Metali'nox are commercial and industrial fabricators specialising in sheet metal and stainless steel. They do a lot of decorative stainless steel fabrications for buildings and houses, but very little work in the marine industry. We had Metali'nox fabricate a stainless steel frame for the installation of 4 x 340 watt solar panels across the stern of our Lagoon 500. The end result was very impressive and we are 100% satisfied with their work. I should stress that we supplied very detailed fabrication drawings, and Metali'nox followed them exactly as specified - they got it right the first time and we had no rework. They delivered the frame to the boat and even helped with the installation at no additional cost. Metali'nox will not polish stainless steel to a polished mirror finish, but their 320 grit polished finish is very pleasing to the eye. The Manager, Dan, speaks English and communicates by email with the assistance of Google Translate. He is a very likeable and helpful young man.

# Ader

Island: **Tahiti**

## Michel Mardi Local Wood including Teak

Island: **Mo'orea**

Michel Mardi ☎ [+68987786063](tel:+68987786063)

Cooks Bay He is up the road next to the gas station in Moorea. Call him to see if he is at the workshop or not, and if he has any teak. He has good ☎ [stuff.1-2021](#) SV 2K We bought some teak in January, local grown. Gas station at the bottom of Cooks Bay He also have loads of other local grown wood as well as a great wooden workshop. I took a walk and directions are as follows: Turn left after the church next to the gas station, keep right when the road divides and continue walking up for

10-15 minutes. You will pass a large storage for wood, just keep walking until you see the large woodshop with a lot of machinery on your right Polymat Island: Mo'orea ☎ GPS decimal degrees: Lat -17.482567, Lon -149.799768 [GoogleMaps](#) [OpenStreetMap](#)

Polymat There is a pretty decent hardware store on Moorea, just east of Maharepa, called Polymat. They have just about everything, and at least one employee speaks English

## Ace

Island: **Tahiti**

Ace owns Poly Bois so you can order from them in town. Marine plywood is available in 6,9 and 15 mm. They will deliver wood.

## Lumber

Island: **Tahiti**

05-2021 See Wood Mo'orea Local teak from wood shop in Cooks Bay

01-2019 SV Mary Ann 2 THERE IS NO TEAK IN PAPEETE. This statement is based on speaking to four lumber yards. Poly Bois is often recommended but they have not stocked teak in several years. Exterior ply wood go to Hyper Bricolage, see hardware. Poly Bois which is 2 kilometers up Avenue

Tipearui. They carry marine plywood but only full sheets, they also stock several hardwoods that are very marine compatible which are sold as decking, such as Epi.

## Christian Fuller

Island: **Tahiti**

☎ +68987790606

☎ chfuller@mail.pf

Recommended by the 2016/2017 Super Yacht Guide. I just saw a spar he painted and it looked terrific (Jacaranda 2017) Christian speaks some English. Carpentry, Fiberglass & Spraying LP work

12-2022 SV Auntie I had Christian make a small panel and he did a beautiful job. The teak matched my teak, the craftsmanship was excellent. He was quick too! I definitely recommend Christian.

8-21 SV Airborne We have had Christian do a couple of jobs for us in the last four months. The first was to cut a new nav panel with all the holes for radios, and MFD pre-cut. He knew we were going to do a carbon wrap so he finished it so there were no surface imperfections that would show through the wrap. The workmanship was perfect and was on time. The second was a set of teak bow pulpit seats on our catamaran. Again, the workmanship was excellent. He is not cheap, but the products delivered are excellent and on time. I highly recommend him"
