Tahiti Sails 5/2021 SV Cyrolia For canvas work, Tahiti Sails. Sebastian and his team did my dodger and bimini for my Jeanneau 53, and the work exceeded my already extremely high expectations. 12-2020 SV Barracuda of Islay Tahiti Sails have just made us a smart new spray hood for Barracuda, and it's actually better than the original - we're very pleased with it. Guillaume is great to work with: very professional, listens well, does what he promises, is clear about timescales and costs, and pays attention to detail. All this and he speaks good English too. NB We were warned that our fabric would take six weeks to arrive from NZ - so worth allowing plenty of time for canvas work. For more information, see Sails

Ocean Sails Tahiti

Island: **Tahiti**

Michel 689-8771-1686 (oceansailstahiti@gmail.com) 9-2019 SV Sugar Shack We had Oceans Sails (Michel Pegart Maitre Voilier) do repair work on our sail bag and he did not do a good job. After visiting his sail loft and speaking to him about types of threads used and process, we felt confident he'd do good work. We asked him to quote the repairs on our sail bag (strengthen and reinforce) and small spinnaker (we blew out clew). The sail bag was the priority as we had a backup [link](#)

spinnaker.With the sail bag we asked him to patch the small holes, reinforce all stitching, reinforce the batten sleeves, and re-attach our name flap which came off. He said it would be "no problem, easy job, and could be done in a few weeks at very little money." Several weeks later, my husband went to pick it up and paid \$600 (more than a little money to us, but our bad for not getting an exact quote first). When my husband went to install the sail bag, he noticed several areas had the new stitching already coming out (Michel failed to lock stitch the beginning and ends). In addition, in several places the stitching was crooked when it should have been straight. Unfortunately, we had guests coming and needed the sail bag up. So, my husband finished with the install before we had to leave. In addition, with the spinnaker he said it would cost well over \$1,000 to repair or he would have to cut it down and charge a little less. This is an 18-year-old spinnaker so it was not worth the cost to repair. We took it back. We were very disappointed in the work from Ocean Sails. We had higher expectations since he had several good reviews, the loft was professional and he "said all the right things." Very poor craftsmanship and work. Airborne 9-2018 We had him take our sails down and fix up any tears or chafing on them (14,500 nm), and he fixed our SS bracket that lifts our main sail (rounded and polished it to stop the cutting action it had at the head of the main when it was down), he rounded the ends of our battens so that they now slip into the pockets with little effort. He fixed the lazy jack sail bag that had gotten frayed on a passage when the second reef line became tangled around the end. He did a great job of repairing it and making sure that it did not look like a repair at all. It was a brand new North Sail cradle (they don't like it when you refer to it as a bag), so we wanted to make sure it did not look like it had been repaired, and Michel made it look better than new He also is building an enclosure for the fly bridge stair wells on our L450 to stop rain from soaking the rear cockpit. He speaks English and French and is very personable. He charges about what everyone else in Tahiti charges (about \$60/hr). He is very busy in high season, but seems to have more time in low season.

Canvas work 7-2022 SV Liward Just had Sellerie Marine de Tahiti do a complicated repair of our Bimini. Charlotte did a fantastic job, on time, and the price was reasonable. She is very professional and uses the proper materials and machine. It does not even look like a repair. Charlotte speaks English. Very happy with her service and quality! 5-2022 SV Auntie After 2 no shows by a competitor, I contacted Charlotte to make a new mainsail cover. She is in demand and busy, but she kept in communication until the promised start date. Worth the wait! This is the best mainsail cover I've ever had made! The fit is perfect, the craftsmanship top notch, and Charlotte and her crew are friendly and helpful. 05-2022 SV CAPALL MARA They did a relatively small job for us but it involved innovation. They came promptly and finished a day early. Will speaks excellent English. They do cushions, awnings and sail covers. 03-2022 SV Airborne Charlotte Jardin, Sellerie Marine de Tahiti, recently completed a new bimini and shades for our boat. She provided excellent customer support, and good communication in English (note she also speaks fluent Spanish and French). Her company offers an excellent supply of quality sample materials for the project which she orders ahead of the start of sewing. After making the templates on board our boat, she completes the cutting and sewing etc. in her large workshop in Tipaeru; Charlotte lives on a boat in the Taina Marina area. Charlotte was always courteous and responsive to requests for changes. Charlotte honored her quotation which detailed materials and labor estimates. We feel very happy with the results and have recommended her to several other boats who have used or plan to use her company
