There is an Apple reseller called IVEA in the Vaima shopping center, facing the city center marina. They fix computers in the shop and honor Apple care warranties. Linda had her Mac BookPro repaired after it crashed. They charge 5,000cpf to have a look and come up with an estimate. For more information, see Apple Computers

Two locations: Two branches, a small one at 13 Rue Cook (1 street along from Champion) and a much bigger one at the Point de l'est - 68 Rue du Marechal Foch 13 Rue Cook, 68 Rue du Maréchal Foch 4-21 SV Barracuda Atom Electronic are excellent. They will do a free diagnostic very quickly - generally in a couple of days, compared with Service Point who asked for XPF3000 and took 2 weeks. They repaired my MacBook Pro in 24 hours and at a reasonable price (as they had parts in stock). They also have reconditioned phones in stock, again reasonably priced, and I am very happy with the one I bought from them. You can get a quote for repairs online at their website at

We needed to replace several failed consumer electronic items in Papeete. Tablets and Phones can be repaired near the Papeete Marina. Carrefour has 1 and 2 gigabyte external hard drives at fairly reasonable prices. We found a demonstration model, brand name laptop for \$317 (US) at Carrefour with a two year in store warranty included. A new Samsung smart phone built to IP67 military specs for waterproofness was only \$272 (US) when purchased along with a Vini contract.

SV Hedonism Serge and Lionel both speak good English and are very accommodating. This place was recommended to me by another computer repair shop! I called them from the first shop and they stuck around over lunch to wait for me to arrive. This is not a computer sales store. These guys are in the repair business and are out on repair calls to various businesses each day so it is imperative to call first to be sure they are in the shop. They work on Dell, Toshiba, Lenovo and so on... My Dell computer fried the motherboard. They trouble shot it and then gave me the "bad news". They pointed out it would take a couple of weeks to get it in from the US. I decided to buy a new computer back home and have it shipped along with a motherboard. They did NOT charge me anything for the trouble shooting. Just happy when I said I would bring it in when it arrived for them to install. When they did, the charge was about 10600 XPF.

Little Wing 10-18 Point Service Mobiles is a local computer and cell phone repair shop. I have dealt with them on a repair for an iPad. The young woman at the desk directly in from the front door speaks English well. I mislaid her name, but she explain the policies of repairs and pricing clearly.
