He diagnosed my “problem”, it was my Thyroid. Cost for Dr. Robert Bertucci including the scan: 7434

Specialists and technical procedures are available at hospital and at two private clinics. The hospital prices appear to be substantially less expensive than the private clinics. For example these charges were incurred at the main hospital: Sonogram of neck (thyroid) --$64.80; Chest Xray -- $46.80; Consultation with ENT including upper airway endoscopy -- $55.80 (in US dollars.) Hospital appointments can be a long wait but our experience is walkins are generally seen within two hours. No problem since most cruisers are “time millionaires.” The main Hospital for FP is Hospital du Taaone on Charles de Gaulle ask at the bus station near the Marie if they go past the hopital.

10-21 SV Sugar Shack She works on Tuesdays. She is very thorough, kind, and speaks English. My visit which included an exam and about 12 spots being frozen cost about $65. I would recommend her!!!

5-21 SV Kiapa Nui - I recently saw Dr. Fennira per seeing her name in the TCG...thank you. :) She was as close to an derm you'd find in California. The best so far out here. She took her time, she went over almost EVERY piece of skin (she even slid my boobs out from my bikini top and looked underneath), bottoms of feet and she looked closely at the ears. The only place she actually didn't look was my nor Ryan's bum. She zapped me 34 times. She speaks great English and is keen to practice more and more. She likes having foreigners coming in and the interactions. She listens, she explains, and understands other methods like using Efedex but uses that gnarly cream as a last resort. I had a spot on my arm that appeared AFTER using Efedex so she zapped it about 4 LONG times and really got it. She wants to see me again in 2 months for that specific spot and if it reappears she wants to take a biopsy. She was extremely thorough. She will cut out spots if needed anywhere on the body except for the face. SV Tintamarre I saw a Dr Fennira at this clinic. Very pleasant lady, who spoke good English. Currently (in covid times) easy to get an appointment. If treatment is required the additional cost over a check up is only a few dollars.

Their whole schedule shows up and you can pick and choose which day and which time you would like and for how long (15 mins = a consult, 30 min slot or a 45 min slot). Across from the Papeete Marina in the yellow building second floor west of Post Office. Very Close to the entrance to Hotel Tiare See GE photo: When you get in that area look for metal plaques with names next to a doorway. It's fairly easy to find once you

know generally where to look. Take the elevator to the 2nd floor. Her office is at the end of the hall.

7-2022 SV Auntie Excellent doctor, good experience. She is thorough, professional, and freezes things off with good equipment. She also advised cutting off one lesion, and did an excellent job of it. Her office is located directly across from Marina Papeete in a the yellow building (Real Estate office on ground floor) and the stairs to get up to her office are at the right far right of the yellow building. This is the same office was formerly run by Dr. Oviada. There is no receptionist at the time of review, but she is prompt at returning calls.

5-21 SV Kiapa Nui taken from a report of numerous dermatologists that they have seen. Dr. Ruiz speaks a bit of English but more than what she leads on to speak and understand. She's a sweet doctor in my opinion. She takes her time with you. I spent a whole hour with her as she cut out a spot that made me uneasy and we sent it to the lab. She also froze off what I asked her to freeze off. She took her time to look over my skin but did not check the bottoms of the feet and ears. I was told by Dr. Fennira that she is very good a surgically removing spots, her speciality is removing spots on the face.

We were referred to him by our GP Dr. Prevost. He and his husband own the clinic with their offices and the procedure rooms. I don't remember the name of their anesthesiologist but he was also good (but only speaks French). Dr Cougard's staff of assistants and nurses was also exceptional. The facility was clean, well equipped, comfortable, and modern without being "flashy" if you know what I mean. After the procedure Dr Cougard met with us to give a detailed report of his findings and to answer any questions with patience and detail. When I had a last minute question on the Sunday afternoon before my procedure I sent a message to his clinic email address and was stunned to quickly get a personal reply from him answering my question in a friendly familiar but professional way. So far he's impressed me to the point I'm comfortable ranking him amongst the top doctors I've experienced.
