S/V Notre Reve 12-18 We bought a new Icom radio (An IC-M330 not the model we wanted, but it works fine and they had it in stock). Matt offered to order the model we wanted, but it would have taken longer than we wanted to wait. It is quite difficult to find as it is in a residential neighborhood. You basically have to have a car to get there. Here are the GPS decimal degrees: Lat 32.312, Lon 32.814 mins W *GoogleMaps* *OpenStreetMap*

Matt was quite helpful. He speaks some English, but it takes some encouragement and a few words of French to get him started. They have radio test and repair equipment and are able to test and repair radios, but they don't have many spare parts on hand.

12-18 Jacaranda When contacted by email about troubleshooting or repairing Icom HF radios (M802) Hello, Unfortunately no ! We can only service equipment with RED CE 53 / EU / 2014 standard Local legislation prohibits us from importing replacement cards for non-CE equipment, even for passing ships, on temporary admission. Only the IC-M801E BLU is CE. Cordially
