TopSail

Island: **Tahiti**

Top Sail Insurance 3-22 SV Grace One issue to check with any Topsail quote is the policy on reducing payout amounts (on a sliding scale) on equipment over 10 years old. It sound perfectly reasonable but I asked whether it also applied to the spars (mast, boom, poles) and was told that it does. Which might make a claim following a dismasting on a, for example, 30 year old boat almost not worth making. I'm not sure what the actual reductions would look like but it was enough to make me stay with our current insurer. We use Pantaenius (uk). It's usually a higher premium but there's no reduction for older kit - we pay a little extra and have new for old cover.
