Island: **Tahiti**

Check out the Tahiti Cruisers Guide for who might carry what boat part you need. Remember Papeete shops supply the whole of French Polynesia so shipping to other Archipelagos is everyday business for them. So if you need something and don't want to pay extra to an agent then: 1) get a prepaid land phone card from OPT, 2) phone one of the shops in Papeete if they have your item, 3) give them your name, boat name and harbor you'll be at, 4) they can either email you their payment info or give it to you on the phone. A small item cost us 1000xpf (\$10) for the shipping, 4) go to post office with the email and pay (in cash) the invoice into their account, 5) they give the package to the freighter company and you go to the dock and retrieve it when it arrives. Be sure to bring your identification although you probably won't need it.

We have a shop at my home in the mountain in Punaauia but I can give you the prices for each item that you need from our local catalog 'IE Marine. Mainly the items in our local catalog are in stock in Tahiti. It requires shipping delay for the items from the Accastillage Diffusion catalog. The price list on-line is not yet available but will be soon. List me all references of items you need and I send you the prices, otherwise if you are interested to have a look in our store, we can pick up you freely. Also we deliver freely the items on your sailboat. Have a good day. Cordialement/Best Regards David MOUTOUH Gérant/Manager

10-2020 SV Cream Puff This company came by yesterday to hand out brochures. I think it might be a start-up but I am not sure. Have you heard of them? I am not making a recommendation as we have not used them but they do offer some services I thought you might want to add to your guide. They offer express delivery anywhere within French Polynesia and will deliver to the boat in Tahiti. He has in stock items and can order items from a catalog. They offer a free ride to their store as well. The catalog is on their FaceBook page. Info below.

Marine Supplies [📞 +68988848470](#) Whats App [📧 magasin@marinesupplies.fr](#)

[📱 www.facebook.com/profile.php?id=1000874233989065](https://www.facebook.com/profile.php?id=1000874233989065) minutes from Marina Papeete.

Previously Marine Elec Co-Owned by Thomas and Alex. Alex services Simrad, Lowrance, B&G, Garmin, Raymarine. He can also work on sat phone issues. Alex is the Raymarine warranty service / dealer for French Polynesia SWR meter to check vhf and vhf antenna. Very quick to answer emails in English Catalog here >>> [📱 marinesupplies.fr/catalogue/](https://marinesupplies.fr/catalogue/)

11-2023 SV Flyer I have a great recommendation for an electrician(s) in Tahiti. Thomas Dumont and Alex Bono of Marine Supplies in Papeete just completed the installation of a Victron lithium battery upgrade on our 2007 Outbound 46, "Flyer." It was an extensive electrical refit and they discovered several problems with the factory wiring which explains why we were having so many problems in charging our 600 ah array of AGMs on the crossing from Mexico to French Polynesia. Not only does the new system charge more efficiently, but now with the installation of a Victron isolation transformer, we can connect to the 230 v shore power system which is a great convenience. Most importantly, Thomas took the time to explain to me the details of the job every step of the way and he will be providing me a detailed diagram of the new system.

10-2023 SV Elvira We had work done by Marine supplies through both Thomas L and Alex. They are close by the Marina and did a professionals and fast work. They seem to be heavily booked, so try to make a reservation two weeks ahead. The shop has some really good stuff and are professionals in testing your marine electronics, such as Raymarine. We also found some good sheets to a good price there. They can also order Mastervolt parts

3-22 SV Swan In March of 2022, while I was at Papeete Marina, I noticed my neighbour was having a RADAR installed. Out of curiosity and need, I approached the electrician, Thomas, tentatively as he was obviously busy. He was very helpful and responsive to my request providing good advice. Weeks later, I returned from sailing and asked Thomas for help with trouble-shooting. Even though he was busy, he still made time to answer my questions and then recommended his colleague Alex from MarinElec (phone number [+68987374715](tel:+68987374715)) I was very pleased with this help, and I would recommend Thomas DuMont, although be aware he is quite popular, so he might not be available immediately.

01-21 SV Cyrolia I bought Cyrolia, a 2010 Jeanneau 53 in December 2020. Starting in January, 2021, I have been working with Thomas who has been an excellent installer, upgrader and has been able to fix just about any electrical problem I have encountered. He has installed a new GEL battery bank, replaced my charger and inverter with a Victron system, is gradually replacing all my Raymarine with B&G electronics, installed my AIS, GPS and Iridium systems. And we are redesigning and creating a new electrical panel. Because he is good, professional, reliable and fair, he is busy and should be scheduled so that you can design the systems from a bigger picture perspective as much as possible vs being reactive with fixes and installs. I highly recommend Thomas and he will continue to be my electrician so long as I am in French Polynesia.

4-23 SV Freydis we found them to be very helpful giving good advice about new nav lights. Unfortunately the trilight we purchased was faulty but they refunded our money as they didn't have another in stock.

12-2022 SV Reva Reva Had trouble with our watermaker in Tuamotos, and we contacted Alex. He was very helpfull, and knew what he was talking about. He helped us solve the problem over Whatsapp. For remote guidance onelectronics, this is the guy to call.

10-22 SV ProfAsea Knowledgeable, Reliable, and there when you need him! Recomendend and installed charging system after trouble shooting charging issues. (Solar, batteries, charger, etc.). Raymarine expert: bench tested and repaired our wind transducer saving us replacement costs. On

call: our autopilot quit functioning while crossing from Moorea to Taiatea. We called Alex and he diagnosed the problem over the phone (short in Linear drive clutch wiring), and explained to us, step by step, how to repair. With Alex's help, our auto pilot was again working and we were able to return to Tahiti with a fully functioning auto pilot! Thank you Alex for all you do!!!

2-2022 SV Isis First time at leaving a review for someone but felt compelled to inform people of my experience. I contacted Marine Electric to install our additional solar panels and victron controller. Alex was both efficient and tidy in his work manner and exceeded expectations. We then had an issue with our engine, we contacted Marine Electric again and Alex was immediately on hand to help out. When after an hour he informed us that the starter motor needed replacement there was no charge and he gave us great advice on who to contact to help with the issue. Marine Electric supply a great service and are highly knowledgeable Re yachts. I can highly recommend them if you have any electrical requirements.

2-22 SV CAPALL MARA After much deliberation and with a heavy heart, I must revise my entry on Alex of Marine Elec He did a major Lithium Installation for us in October 2020. We went to the Tuomotos shortly after. Alex answered various questions of mine happily. Early in 2021 I was ordering items from the US, I asked Alex to help me and offered to pay him for his time. When it came time to install the electronics, it was like a different Alex. He was curt and distracted. His new trainee made several errors. The upshot was that his actions damaged our vhf. I managed to get replacement from the manufacturers but Alex became uncommunicative. He started only answering my texts in French. There were ongoing questions I had about the Lithium installation so we employed another person who found several wiring mistakes ,that could have damaged the lithium batteries. I can no longer endorse Alex of Marinelec,.

9-21 SV Nuwam2 I would recommend Alex Marine Elec. Alex is currently installing a range of electronics on our boat. Alex is professional and his work is very good.

9-2021 SV Ipanema Very please with Marine Elec!

12-2020 SV September AM Alex was able to attend to our navigation electronics problem at short notice, after another appointment was postponed. He diagnosed quickly and was able to communicate in English. Professional.

11-2020 SV Sea BearWe recently decided to change from our AGM/generator set up to solar panels and lithium batteries such that we could be totally off the grid and rarely rely on our generator. Alex from Marine Electric installed 5 x 330w solar panels, 3 x 200Ah lithium batteries and all of the monitoring equipment that goes with it. His work was carried out with utmost care to detail, and very professionally. We were so impressed with his work ethic and the quality of installation. When we have had a few questions after the installation was complete, he's always been very responsive and helpful. We love our new set up and would highly recommend Alex if anyone is considering upgrading as we did!

5-20 SV Notorious Very competent, meeting stable, speaks good English and is mega fair.

5-20 SV Capall Mara Alex is excellent

10-19 SV Counting Stars Alexandre at Marine Elec in PPT fixed my generator wiring. He shows up on time, makes everything perfect and extremely fair with pricing.

Nautic Systems

Island: **Tahiti**

Stocks engines, mounts, some shafts, couplings, engine instruments, exhaust parts, hoses, lighting, electric parts, line, plumbing parts. Most staff speak English. Be aware the free French Polynesia Guide has the shop in the correct street but it is approx. 500 meters further east on Chef Vairaatoa. Owner is somewhat reticent about placing special orders which may be due to his not being able to compete with duty-free prices. (Yacht guide to FP map of location is off 500 meters) Parts for Perkins, Hyundai, Isuzu, Sweden Marine Diesel, Kohler, Cummings. The store owner was able to find a fitting hollow screw for my Volvo engine whereas Nautisport (the official Volvo distributor) was unable to find the part Have a reasonable stock of electrical cable, fittings, breakers and ☐ [lights](#). [Some](#) SS fasteners on the side wall. Ocean 2000 carries Racor filters and housing. They also carry Dahl Filters

6-2020 reported they had Inox BBQ's for sale

5-19 S/V Nehenehe Very well stocked, helpful owner with a wife that is less so. Very good English is spoken. It seems like they had the most varied selection of general chandlery items of all four marine stores that I went to. Note that they have a 24 hour return policy that if exceeded becomes difficult to use; they tried to deducted 50% of the cost after 24 hours. Apparently.... It is all in French at the bottom of their invoice. I would rate this store a 8 out of 10.

Christian is very helpful and speaks English. If you are in the islands and need something he is the guy! Christian KOAN Christian Koan Sales Dept email is now: ☐ vendeur1.bmr@sthmarine.com

10-2019 SV Panache STH Marine did the 1,000-hour service on our Yanmar diesel engines. The mechanics were good, but their manager gave them the wrong manual and then interpreted it incorrectly. They set my valves incorrectly. It took me weeks to convince them that they were wrong. They finally relented, agreed I was correct and fixed their mistake. I wonder how many boats in Tahiti are operating with the wrong valve settings STH Marine are the authorized dealers for Raymarine (as well as other brands). Our two chart plotters failed and Raymarine agreed to replace them under warranty. When ordering the replacement parts from France, STH forgot several items which delayed the installation by about a month. STH Marine installed a new remote handset for my VHF but forgot to install the software update that is needed for it to function. I didn't realize this until we were about to leave and didn't want to risk a problem with a software update at that point. I reinstalled the old handset and will deal with the issue in

☐ NZ.Sopom

rnPEWN7U6IAncI524Axhe9OFqbElGEk-7vyZIYVrbLpqilGxd8 Fare Ute have moved from their former location next to the bridge to the building between Ace and Nautisport. Limited English speaking staff. Carry mechanical equipment for industry and boats. Found a flexible coupling there. Carry an RO water-maker and stock pickling agent and cleaning agent. Wide selection of hoses; large selection of control cables; ho da generators. Large stock of impellers. Dealers for Cummins and Nandi diesels. Big stock of filters. Check here for pumps, seals, engine mounts,etc.

10-2020 SV Hedonism There is a Hydraulic shop associated with Sopom, around the side between ACE and Sopom. They shortened a hose for me but they had to reuse all of my fittings as everything they had was metric. Good guys and did it on the spot.

Tahiti Yacht Accessoire(TYA)

Island: **Tahiti**

☐ GPS decimal degrees: Lat -17.585582, Lon -149.61497 [GoogleMaps](#) [OpenStreetMap](#)

Tahiti Yacht Accessoire Michele Baltzer ☐ [+68987741002](#)

☐ tyaccessoire@yahoo.fr

Marina Taina Best stock of line, webbing, chain, carries West Systems in bulk and dispenses at very reasonable price. Lots of stock which is less than obvious so be sure to ask. Is a wealth of knowledge about sourcing things. Speaks good English. Michel has a surprising lot of electrical components in his small store. Good place to start your search Michele often has Victron equipment / invertors Stocks Danfoss compressors has the 35 and the 80 model. In 3/17 he stocked a keel cooler type ☐ [condensor.In](#) 3/17 stocked 5 Lofran windlasses and a large stock of gypsies.

10-2019 SV Panache Michel Baltzer owns a chandlery at Marina Taina. He has high quality products and is very knowledgeable. He focuses on ropes, rigging hardware, chain, anchors, plumbing,

fiberglass supplies, wiring, and some electrical parts. He doesn't handle boat maintenance supplies (polish, soap, oil, paint, etc.) For those products got to Sin Tung Hing Marine or Oceans 2000.

5-19 S/V Nehenehe Tahiti Yacht Accessories: Excellent and highly knowledgeable business. Kind, helpful, and generous. Extremely well stocked for the size business. More parts for high performance boats than anywhere else. Excellent selection of cordage for our boat. I am left with the impression that the owner would sell the shirt off his back to help you out. I would rate them a 10 out of 10.
