12/20 Submitted to the FP Cruiser FB page If anyone ever needs a US document notarized, you can do it online now. Earlier, I had to make an appointment at a US Embassy, have my shoes, ears and underwear checked for bombs (half joking) and pay $50 per signature. One document had 12 signatures - you do the math. With this service, you just need a webcam and a somewhat decent internet connection, which admittedly is hard here. There are other companies and I have no connection to this one, but point is you don't need to go to the US Embassy for this nowadays.
