Another option in town for fasteners is Magasin Tavita, 40429971 which is north east of the Cathedral on the same street. They carry half fishing tackle and half fasteners. Besides metric stainless bolts and screws they also carry imperial both UNC and UNF. There is some imperial stainless but for engines and transmissions there is both UNC and UNF steel.

The best stock of bolts especially stainless is VBP. They carry a number of stainless shackles, hose champs, rod stock, and even stock helicoils; But don't expect to find imperial sizes.

4-22 They have aluminum pop rivets

10-18 We needed a new steering cable in 7mm stainless steel, and VBP had it. They were very helpful, and also had a lot of shackles, rings and bolts in SS marine quality. They also have a lot of good tools, like drill bits etc. In the high end, though, with good quality
