## Fuller Peinture

Island: **Tahiti**

Fuller Peinture in the Taiovale Valley, in Avenue Pierre Loti has a lot of paint, including one- and two component polyurethane. The prices seemed low, at least for the one-component we bought (about 2200xpf for one litre)

5-19 S/V Nehenehe They have lots of paint but I would say Buyer Beware. We had a bad experience with them. I would rate them a 2 out of 10.

Linear Polyurethane is available at Polynesie Peintures 📞 +68940531753 in Fare Ute on Voie M. Natalie speaks very good English. They can mix any colour. Two blocks from Ace hardware. Walk up the oneway diagonal street across from Ace past the Yamaha building on the corner and the next block on the left Assuming you are "roll and tip'ing" or foam brushing then avoid the fast hardener, best to use slow or normal also Be sure to get normal thinner not fast. They also have the very best price on zinc based primer by far. For foam brushes go to Ace but small mixing pots go to Sin Tung Hing Marine. Sin Tung Hing and Ace both carry respirators with organic filters. In the heat here any masking tape except 3m will leave a horrible messy glue residue Sin Tung Hing carry an assortment as does Nautisport and Ocean 2000. Steve just discovered a closet in the mega yacht agent office at Taina and they sell all Epifanes products. Its right by Raiatea yacht Ace Hardware They are now carrying a French brand in a

square can. We used this a number of times. Went on really nicely, slow drying so it spread easily thinned with mineral spirits . BUT any place we varnished that had high traffic hands touching it or arms resting on it was terrible. It became all gummy and took a big effort to remove it with a razor blade as we could not sand it off. With that said we will not use it again. Jacaranda
