For proper disposal of old boat batteries, flammable objects such as flares, and used motor oil, there are bins provided for each at Marina Taina. They are located behind the dive shop Fluid. If your flammable objects are too large to fit the slot, contact George (pictured in front of oil receptacle) at the Marina Taina office. You can also dispose of small amounts of diesel and gasoline (under 5 liters) at the fuel dock, just ask. For more information, see Marinas & Anchorages
