Jeremy

Island: **Huahine**

Jeremy ☎ [+68987736868](tel:+68987736868) did the installation of a new Danfoss BD50 here in Huahine. He is a professional HVAC guy, usually working ashore. He also can help you with solar and watermaker installations.

Alfred Chassaniol

Island: **Raiatea**

Raiatea ☎ [+68987205541](tel:+68987205541)

He has the gauges and speaks English.

Joseph Mouchas

Island: **Raiatea**

Joseph Mouchas. ☎ [+68987310709](tel:+68987310709)

E-mail joehmouches@gmail.com. s / v Alia Vita

5-2020 Joseph spoke good English, very polite and efficient, fixed my problem straight away and explained what he was doing throughout. .

Maintenance Nautique Refrigeration

Island: **Raiatea**

Maintenance Nautique Refrigeration Benoit Magnier [✉ benoit.magnier@ikmail.com](mailto:benoit.magnier@ikmail.com)

[✆ +68987204511](tel:+68987204511)

8-2023 SV Auntie I found a 'new to us' refer repair man in Raiatea. He's really good Capable, professional, and really good. He found a persistent small leak on low pressure side which others had missed. Fluent in English. Boat owner himself. Has all the equipment, battery operated so no need to worry about AC voltage match. Good explanations while he is doing the work. He's quite busy, but he understands weather windows and does his best to fit you in. Highly recommended.

Lago - Multiservice Nautique

Island: **Tahiti**

Lago - Multiservice Nautique [✉ Lagodiciaccio@gmail.com](mailto:Lagodiciaccio@gmail.com)

[✆ +68989264364](tel:+68989264364) (Whats App) Close to Taina marina

9-21 SV Ipanema He is a young French guy who lives in Puna'auia, next to Taina Marina. He speaks a bit of English, he was very responsive to my calls and WhatsApp questions, he was very kind answering all my questions and doubts about my problem and he fixed my refrigerator for exactly half of the price of the main guy here. But more important than the price, it was a pleasant experience. He seems to be eager to get more work. I know it is just one good experience, but maybe it is another option since when I asked around, everyone I talked to felt really trapped by the alternative for this type of work

Luc Vacher-Coponat

Island: **Tahiti**

Luc does refrigeration repairs: [✆ +68987737919](tel:+68987737919)

Recent reports have been awful on this guy. Shoddy work, refusing to stand behind his work Beware this is not a reputable refer guy!!

12-18 La Mizu Would never recommend or use Luc again. VERY unhappy and disappointed with his work. From the SV Bear

9-17 I can't recommend him. He showed up without a flashlight which gave me hesitation. He stared at the machines for quite awhile (3 hours), before adding refrigerant. My AC side of units compressor after his repair ran at 185 degrees and heated my engine room, obviously over charged, and I hope it did not damage the compressor. I saw him the next day and asked him to stop by, a no show along with 3 phone calls. We paid him \$150.00. The engine driven side does not freeze. Bear later reported that they had their fridge serviced in Raiatea and were able to resolve the issues created by Luc

Marine Refrigeration Mike Campbell

Island: **Tahiti**

Mike Campbell Refrigeration and Air Conditioning - Installation - Maintenance - Repair ☐
+68989643260

☐ mikecamalila@gmail.com

Located in Taina on a mooring opposite the super yacht key on board Alila, an Irwin 54 This is the first fridge business that we know that solely specializes in Yachts.

10-2023 SV Hilsen We just had Mike on board the other day and what a joy! He is absolutely a wonderful person with nice attitude and much humor. Beside that he is very skilled at he's work. We had a leaking pipe from the compressor to the fridge. He solved it right on the spot. It only took 2 hours and the price was very fair. I only have good things to say. 5 star service ?????

01-2023 SV Auntie I recommend Mike Campbel for refer repair. He knows his business, has the right equipment, and gets it done. Worth waiting for his expertise.

10-22 SV Malaika Just wanted to share our amazing experience with Mike Campbell. Our water cooling fridge died the other day and we called Mike to have a look. He came and found the problem and the very next day he was changing our system to air cooling one. He was so fast and efficient!! We are so happy with our new silent fridge and it even takes less power now!! So if you have a fridge problem team Malaika highly recommends Mike for the job!! You'll get excellent service and funny jokes ☐☐

10-22 SV Hedonism Just wanted to share our amazing experience with Mike Campbell Our water cooling fridge died the other day and we called Mike to have a look. He came and found the problem and the very next day he was changing our system to air cooling one He was so fast and efficient!! We are so happy with our new silent fridge and it even takes less power now!! So if you have a fridge problem team Malaika highly recommends Mike for the job!! You'll get excellent service and funny jokes

7-2022 SV KONBREO Just wanted to recommend Mike Campbell for anything refrigeration!! My fridge was working 'ok' after a 1 year lay-up but I felt it could be better. Mike was quick to investigate and found a small leak in the pipe connectors. He cut these out, made welded joins, regassed and my system performed 100% better – running less, saving power and keeping the rum perfect temperature! I've recently consulted him again to change from water cooled to air cooled as part of an upgrade I'm planning in NZ. As a superyacht captain I've had a lot to do with so called fridge expert's many who don't really understand small boat systems. But Mikes depth of experience on vessels of all sizes shows, his advice and logic is very sound as is his workmanship. I am happy to recommend him as fantastic resource for the cruising community.

1-22 SV Hedonsim Mike Campbell, our friend and also the "go to" refrigeration guy came by to finish installing our new Danfoss BD50 compressor today. Mike needed to use his big 230 VAC vacuum pump to purge the system so the best way was just to "raft" with us for a few hours. It is very rare for a BD50 to fail but ours did after 16+ years. Mike actually had a new BD50 "in stock" on his boat!! Our new install also includes an air condenser in series with our Keel Cooler so should be pretty efficient and we will be able to run the fridge while "on the hard". Thanks Mike!

12-21 SV Cyrolia- Mike Campbell just installed a new Vitrifrigo freezer unit on my sailboat. Super happy with Mike, the quality of his service and work, and his British sense of humor! And Mike: if you see this... my four tubs of ice cream are rock solid frozen!

7-21 Jacaranda - We returned to the boat in Mo'orea after an absence of two years and the fridge did not start. After conducting some tests at Mikes suggestion I contacted Mike with the results of these tests and Mike gave me a 95% probable rate that it was the controller. I replaced the controller and fridge is working now. Mike is a good guy!

7-21 SV Lilikoi Introduction: We bought our FP Lipar1 41 in Marina Taina in March 2020, then locked down in Hawaii until this week. Finally got to our boat and the fridge didn't work. Looked for info on your guide and found Mike Campbell under Refrigeration repair. Mike dinghies over the day after I asked him for help by email. He assessed the situation, went back to his boat for tools and materials, returned 2 hours later, trouble-shooted it to isolate the controller as the issue, replaced the controller and we have a cold fridge again. Mike is prompt, courteous and professional, as well as a fun-loving guy with a great sense of humor. Highly recommend Mike in the Marina Taina area, and thank you for providing and maintaining your guide for cruisers.

1-21 SV Barracuda Mike came round shortly after we contacted him. He was quick to spot the problem (a change in our power management) and give advice. Definitely knows his stuff and is friendly, responsive and helpful.

12-2020 I first came across Mike Campbell in Palma de Mallorca in 2006 when I was the Captain of a 112 ft Swan called Song of the Sea. He installed a second freezer for us as we were just about to start a Circumnavigation via Tahiti ! Imagine my surprise when in 2020 I was Captain of a Swan 90 in Tahiti with refrigeration problems and bumped into Mike !!! The problem had haunted us all the way from the Canaries without anyone be able to solve the problem. Mike managed to find the problem, which was basically a design error and got the system working better than when the boat was built up in Finland. 3 yrs later and close to 50,000 nm it's still running strong. In fact whilst

back at Nautor last year for a major refit we didn't need to touch the refrigeration and after discussing the fix Mike had carried out Nautor " took it onboard " and are now retrofitting it to vessels that come in for service and I believe new vessels will have it as standard. So apart from his terrible sense of humour , unusual for a Liverpool Lad , myself being one as well, I can highly recommend Mike as a professional and experienced engineer who works hard and is honest. Fair Winds and Smooth Seas Guy Spencer RYA Yachtmaster Ocean CE.

11-2020 SV SV Mat-Lau III Mike has repaired and serviced our fridges twice now, latest Oct 2020. He knows what he's doing, and will also tell you if he's unsure if a particular fix will work, unless tried (in our case we took the chance - it worked). He has replaced copper tubing, bled and re - adjusted pressures, and also given us instruction on testing ourselves, if any future issues may arise. He always returns within a day or so, to ensure things are still working ok. Our fridges are now running perfectly. He does answer calls or emails, and will come within a time span he has indicated. Also has a good sense of humor.

8-2020 SV Sugar Shack We thought we had a slow leak in our fridge. Mike came by to do an initial assessment and scheduled to come back with his tools and Freon. He walked Matt through testing different things to diagnose future issues, filled her up with Freon and gave us many laughs and giggles along the way. Even though he came for two visits and stayed a little more than an hour he only charged us for one hour. He is very professional, kind, and courteous.

Pacific Froid

Island: **Tahiti**

Pacific Froid MOTU UTA PAPEETE ☎ [+68940482750](tel:+68940482750)

✉ pacifique.froid@mail.pf

They are often so very busy that they miss appointments or dont answer the phone. By using Tahiti Crew(see agents)to make the appointment and follow up you may have better luck. Its worth the premium that Tahiti Crew charges to insure they arrive and complete the work properly SV O2

5-19 Went thru Tahiti Crew... Pacific Froid came and fixed both fridge and freezer. Tahiti Crew was able to confirm appointment and follow up. Its worth the extra premium Tahiti Crew charges as she will follow up with them to insure they arrive when scheduled

Techno Froid

Island: **Tahiti**

From Tahiti Crew after asking about who they suggest. Techno Froid, ask for Manu. French speaking One thing though is that techno froid works with agents only, as they had bad experiences of cruisers not paying their bill, I had them calling me once asking me to be the

guaranty of a client who had contact them directly , otherwise they wouldn't work for him.
