9-2022 SV Reva Reva Bought a multihull sy Reva Reva unseen on Tahiti. I used Christophe Citeau as surveyor. He is not to be trusted. A couple of main things he overlooked on the boat was the following: One engine was toast. (Knocking and blue smoke), 200 liter of saltwater in the hull, windlass had broken of alot of pieces so its impossible to use. And the list goes on.

5-2021 SV Capella I used Christophe Citeau on Raiatea to survey the hull of a 45ft catamaran I subsequently purchased sight unseen from NZ. Be wary of this guy, he classed my rudders and keels as good condition. The keels were full of water and diesel and delaminated on the bottom and the port rudder also had bad water ingress and severe corrosion on the post. 15k NZD + to remedy. Cut keels off, cut tops of diesel tanks out for access, grind most of rudder away. Huge jobs he could have warned me about if he had done his job

10-2020 SV Sugar Shack We are an American boat that required a SAMS/NAMS surveyor for our insurance. However, we got an exemption after we obtained a "sample survey" from Christophe Citeau. Our insurance approved him and we did an out of water survey at Raiatea Carenage 6 weeks ago on our Catana 471. He was very thorough visiting twice. Once for out of water and once in water spending a total of 4 hours on the boat. He said 95% of the boat was in "good" shape which is true and great. The only options are "good" "satisfactory" or "unsatisfactory". We try to be meticulous with our 20 year old gal and he was impressed by her condition. The only gripe I have is that he was unyielding on the value of the boat - even after I sent comparisons showing similar values. He was very unreasonable. Considering it was only an insurance survey. But the report itself was good other than the overall value. He is based in Taha'a and will travel to other islands (at your expen.pfse). He charged us \$700 for our 47' catamaran.

3-2020 SV Malaika Our boat was surveyed by Christophe Citeau in March in Raiatea and he was good.

12-2019 SV Nuwam2 We used Christophe when purchasing our boat in Raiatea and found him to be professional and thorough and reasonably priced compared to others. He required out of water as well as in-water tests/ inspections and produced a in-depth report on

[100% completion](#). Highly recommended.
